DEPARTMENT OF CHEMISTRY

September 16, 1948

Prof. Joshua Lederberg,  
Dept. of Genetics,  
The University of Wisconsin,  
College of Agriculture,  
Madison, 6,  
Wis.

Dear Prof. Lederberg,

Your letter of August 5 had to wait until the opening of school in September. I am sorry to tell you that we do not have any samples of vicianose or the homologous arabinosides.

Very truly yours,

*Ralph L. Shriner*
